

Sales Reporting

Open Purchase Order Lines

About the report – This report provides info about open purchase order lines. The data is being pulled from the Purchase Line Table. Expected Receipt Dates are highlighted if they fall on or before the late date provided. Additional warning highlighting is done for any dates falling two days after the late date. This can be adjusted simply by modifying the formula in cell L9 on the OpenPOs worksheet.

Dates used in filtering must be formatted to the same format used in NAV.

Modifying this report – This report can be modified by entering design mode from the Jet tab.
