

## Operational Reporting

## Product Sheet

**About the report –** This report creates a simple product sheet for an organization. It creates a unique product sheet for each item number which includes a product picture.

If the targeted database does not include product pictures, this report will not function correctly.

**Modifying this report –** This report can be modified by entering design mode from the Jet ribbon.

### ATHENS Mobile Pedestal

Item No	1906-S
List Price	\$ 281,40
Qty In Inventory	194
